

Erie Island Resort and Marina, a 500 Acre Resort in Ohio, Contracts WiFi Solutions Group to Install a Wi-Fi System

Erie Island Resort and Marina, a 500 Acre Resort in Port Clinton, Ohio, contracts WiFi Solutions Group to design and install a Wi-Fi System throughout the Resort to include the Hotel, Cottages, RV Campground and the Recreation Center.

Columbus, OH (PRWEB) April 19, 2011

Erie Island Resort and Marina contracts WiFi Solutions Group to design and install a Wi-Fi System to for their 500 acre Resort located in Port Clinton, Ohio. John Gronvall, CEO of Legacy Developments, LLC, the Management Company that Manages Erie Island Resort and Marina, informed WiFi Solutions Group on April 4, 2011 that the proposed Wi-Fi Solution submitted to Mr. Gronvall was approved.

Midway between Cleveland and Toledo, the 500-acre waterfront resort community in Port Clinton, Ohio is nestled among popular attractions such as Catawba Island State Park, Kelley's Island, Crane Creek, Put-in-Bay, Cedar Point amusement park, African Safari Wildlife Park, Haunted Hydro, Prehistoric Forest, Deer Park, Train-O-Rama, and more.

Erie Islands Resort & Marina features a newly renovated 40-room Victorian-style waterfront hotel, spacious single-standing cottages, a 133-site RV village with tent campground, luxurious vacation homes, a 10,000 square foot indoor recreation center, indoor and outdoor swimming pools, private meeting and event facilities, fishing ponds and free wireless Internet throughout the Recreation Center and hotel.

Also nearby are many local businesses, such as Camp Perry and Davis Besse, who require quality and affordable lodging for their employees, contractors and clients. Our beautiful Port Clinton area hotel offers a home away from home for these guests in our extended stay program.

The decision to include Wireless Internet Access for the Guests of Erie Island Resort & Marina provides an exciting amenity to this vast Resort.

WiFi Solutions Group is a Columbus, Ohio based Systems Integrator that provides Internet & Wi-Fi Solutions to businesses throughout Ohio and the Mid-West.
